PRODUCT INDEX

SMARTFIX

www.smartfixsealants.com

SMARTFIX SILCONE LUBRICANT

APPLICATION

- Cleaning and removing mould in plastic, textile and rubber industries.
- Lubricating poorly oiled machine parts in food industry during maintenance.

Volume	Package
200ml	24
400ml	24

PROPERTIES

- Provides long working life at high temperatures, due to its silicone content.
- Anti-corrosive and anti-static
- Does not leave residues on machines.
- Not water soluble.
- Non-toxic

AEROSOLS

SMARTFIX

www.smartfixsealants.com

SMARTFIX MULTIPURPOSE PU FOAM

APPLICATION

- Fixing door and window frames.
- Sealing gaps, joints and cavities.
- Insulating electrical outlets and water pipes.

PROPERTIES

- Excellent adhesion & filling capacity
- Excellent fixing capacity and stability.
- Works with most building materials with the exception of polyethylene, teflon, silicone, oily/greasy surfaces and similar materials.
- Water-proof & over paintable.

Volume	Package
300 ml	12
500 ml	12
750 ml	12

FOAMS

SMARTFIX

www.smartfixsealants.com

SMARTFIX PROFESSIONAL PU GUN FOAM

APPLICATION

- Mouting and insulating door and windows.
- Filling/sealing gaps, joints and cavities.
- Insulating electrical outlets and water pipes.

Volume	Package
300 ml	12
500 ml	12
750 ml	12

PROPERTIES

- High performance & stability and adequate pressure at low temperatures.
- Excellent adhesion.
- Very good sealing capacity.
- High acoustic & thermal insulation value.
- Water and heat resistant.

FOAMS

SMARTFIX

www.smartfixsealants.com

SMARTFIX MULTIPURPOSE SILICONE

APPLICATION

- Sealing and glazing applications.
- Sealing in DIY (Do It Yourself) applications.
- Sealing connection and expansion joints.
- Sealing electrical sockets and switches.

PROPERTIES

- Stays permanently elastic after drying.
- Acetoxycuring system.
- Antibacterial.
- Very good adhesion on most surfaces.
- Resistant to aging, cracking and discolorization.
- Typical acetic smell during curing.

Volume	Package
280 ml	30
310 ml	30

SEALANTS

SMARTFIX

www.smartfixsealants.com

SMARTFIX KITCHEN & BATHROOM SILICONE

APPLICATION

- Sealing applications in kitchens, bathtubs, sinks, shower cubicles and making joints in humid environments.
- Sealing applications in cold storage rooms, containers and air conditioning systems.
- Sealing sanitary technical and kitchen appliances.

Volume	Package
310 ml	30

PROPERTIES

- Fast curing.
- Perfect adhesion to most non-porous substrates.
- %100 silicone.
- Permanently elasticity.
- Acetoxy curing system.
- Does not shrink.
- Resistance to aging, cracking and discolorization.

SEALANTS

SMARTFIX

www.smartfixsealants.com

SMARTFIX STRUCTURAL GLAZING SEALANT

APPLICATION

- Sealing and glazing in building facades.
- Suitable for curtain wall applications.
- Mounting of window frames and doors
- Sealing applications for marble, stone and other porous substrates.

PROPERTIES

- Neutral cure. Suitable for use on most common porous and non-porous materials.
- Rain and UV resistant.
- Noncorrosive.
- Resistant to temperature extremes.
- %100 Silicone, solventless.
- Fast curing IG Glass Seal.

Volume	Package
310 ml	30
600 ml	30

SEALANTS

SMARTFIX

www.smartfixsealants.com

SMARTFIX MIRROR SILICONE

APPLICATION

- Mounting mirrors.
- Glazing applications.
- Sealing applications for marble, stone and other porous substrates.

Volume	Package
310 ml	25

PROPERTIES

- Non-corrosive to mirrors.
- Resistant to temperature extremes.
- Fast curing
- Highly elastic
- %100 Silicone, solventless.
- Neutral cure.

SEALANTS

SMARTFIX

www.smartfixsealants.com

SMARTFIX PU SEALANT (CONSTRUCTION)

APPLICATION

- Used in expansion joints.
- Bonding roofing tiles.
- Fixing PVC window frames.
- Joints between prefabricated construction materials.
- Sealing and bonding of ventilation ducts, gutters and spouts etc.

PROPERTIES

- Permanent flexibility.
- Good UV resistance.
- Does not sag.
- Odorless.
- No shrinkage.
- Over-paintable.

Volume	Package
310 ml	25
600 ml	25

SEALANTS

SMARTFIX

www.smartfixsealants.com

SMARTFIX PU SEALANT (AUTOMOTIVE)

APPLICATION

- Used in automobile body construction.
- Sealing and bonding of ventilation ducts, gutters etc.
- Used between concrete, wood and metal construction materials.
- For vibration reduction in sheet metal assembly.
- Sealing against water, air, gas and dust.

PROPERTIES

- Permanently flexible.
- UV resistant.
- Non-sticky.
- Odourless.
- No shrinkage.
- Easy to gun, can be easily smoothed.
- Over-paintable.

Volume	Package
310 ml	25
600 ml	25

SEALANTS

SMARTFIX

www.smartfixsealants.com

SMARTFIX RTV GASKET MAKER

APPLICATION

- Sealing and bonding applications in automotive industries.
- Sealing and bonding in stoves and ovens.
- Gaskets in pumps and motors.

PROPERTIES

- Excellent heat resistance.
- %100 silicone.
- Fast cure, high strength.
- Remains flexible at low (-40 °C) and high (+250 °C) temperatures.
- Durable.

Volume	Package
85 g	24
310 ml	30

280 ml	25
310 ml	25

SMARTFIX ACRYLIC SEALANT

APPLICATION

- Sealing of low and medium movement joints between various construction materials. (wood, concrete, brick etc.)
- Filling cracks in walls and ceilings.
- Sealing joints between windows, walls and doors etc.

PROPERTIES

- Over paintable.
- Can be used on all porous surfaces such as brick, concrete, wood etc.
- Very easy to apply and clean.
- Resistant to weathering such as rain, snow and sunlight.
- Does not contain any solvents.
- No odour.

SEALANTS

SMARTFIX

www.smartfixsealants.com

SMARTFIX SUPER GLUE

APPLICATION

- Used for bonding glass, rubber, metals, ceramic and other materials.

PROPERTIES

- Instant bonding.
- Low-viscosity.
- High bonding strength.

Volume	Package
3 gr	288

ADHESIVES

SMARTFIX

www.smartfixsealants.com

SMARTFIX INSTANT BOND

APPLICATION

- It is particularly used for fixing and repairing wooden elements.
- Used in bonding of MDF, chip board, rubber, most plastics and leather etc.

Volume	Package
200 ml + 50gr	24
400 ml + 100gr	24

PROPERTIES

- High bonding strength.
- High viscosity.
- It can be used on vertical surfaces as it does not drip or slump.
- It is particularly suited to bonding difficult substrates which have a porous or uneven nature since it increases bonding strength by preventing the adhesive from being absorbed by the surface.

ADHESIVES

SMARTFIX

www.smartfixsealants.com

SMARTFIX ACRYLIC LIQUID NAILS

APPLICATION

- Bonding wood, non-polished stones, concrete, plaster, tiles, panels and synthetic building materials etc.
- Mounting plaster panels and ornaments, and wooden elements.
- Mounting decorative wooden trimmings.
- Fixing nameplates, plastic letters and polystyrene cornices.

PROPERTIES

- High initial bonding strength.
- Suitable for indoor and outdoor applications.
- Weatherproof.
- Over paintable.
- Solvent-free.

Volume	Package
300 ml	25

ADHESIVES

SMARTFIX

www.smartfixsealants.com

SMARTFIX PU LIQUID NAILS

APPLICATION

Used in construction and repair works where a permanent strong bond is required between porous-porous and porous-nonporous surfaces. It can be used for bonding of various construction materials such as wood, MDF, concrete, metal, polystyrene and polyurethane foam, PVC, marble, granite, polycarbonate, glass and ceramics.

PROPERTIES

- Fast curing.
- 15 minutes press time.
- Extremely high bonding strength on various substrates.
- Conforms to D4 according to DIN EN 204 standards.
- Excellent resistance to moisture and weather conditions.

Volume	Package
300 ml	25

ADHESIVES

SMARTFIX

www.smartfixsealants.com

SMARTFIX PU MARINE ADHESIVE (EXPRESS)

APPLICATION

- Fixing and bonding wooden elements to other various porous and non-porous materials such as wood, metal, concrete, polystyrene foam and plastics.
- Used in furniture and boat production.
- Most bonding applications that require high water resistance.

PROPERTIES

- Water resistant (D4-DIN EN204).
- Excellent bonding strength.
- Fast drying.
- Easy application, low viscosity.
- Can be used on slightly humid surfaces
- Resistant to temperature extremes and moisture.
- Nonshrinking.

Volume	Package
500 ml	12

ADHESIVES

SMARTFIX

www.smartfixsealants.com

SMARTFIX PVC ADHESIVE

APPLICATION

- Used in bonding PVC pipes, fittings and gutters of drainage, sanitary and agricultural systems.
- Plumbing, irrigation and general fluid handling systems.

PROPERTIES

- Cures fast.
- High bond strength.
- High resistance to pressure.
- Resistant to cold and hot water and household chemicals.
- Suitable for use in drinking water systems.

Volume	Package
250 ml	24
500 ml	12
1kg	12

ADHESIVES

SMARTFIX

www.smartfixsealants.com

SMARTFIX CHEMICAL ANCHOR

APPLICATION

- Heavy-load carrying attachments in solid stone and concrete.
- Repair mortar for concrete components.
- Attachment of anchor rods, threaded collars, reinforcement bars and profiles.

PROPERTIES

- Cures rapidly.
- Excellent bonding of mortar which enables heavy loads in concrete.
- It can be used in many types of solid Stones.
- Secure anchoring in hollow bricks.
- Scaled cartridge enables accurate dosage of the compounds.
- Non-sagging; It can be applied vertically.
- Resistant to high permanent temperatures.

Volume	Package
345 ml	24

ADHESIVES

SMARTFIX

www.smartfixsealants.com

20

SMARTFIX MARBLE & GRANITE ADHESIVE

APPLICATION

- Bonding of stones, marble and travertine and wood surfaces.
- Fixing kitchen tops.

PROPERTIES

- UV and high-low temperature resistance.
- Resistant to alkalis and diluted acid solutions.
- Bonds in a few hours.
- No color change, cracking or shrinkage during hardening period.

Volume	Package
250 ml	24
500 ml	12
1 kg	12

ADHESIVES

SMARTFIX

www.smartfixsealants.com

SMARTFIX CONTACT GLUE

APPLICATION

It is mainly used in upholstery, shoe and textile industry for bonding common materials such as rubber, fabric, leather, artificial leather, cork, metal and chipboard to itself or to other substrates.

PROPERTIES

- Rapid curing.
- Flexible bonding.
- Good frost resistance.
- Moisture resistant

Volume	Package
250 ml	24
500 ml	12
1 kg	12
